Housing quality and maintenance

Quality of housing

Scottish Housing Quality Standard (SHQS) – Stock condition survey information (Indicator C8)

C8.1	The date your organisation's stock was last surveyed or assessed for compliance with the SHQS	03/2022
C8.2	What percentage of stock did your organisation fully assess for compliance in the last five years?	10.70
C8.3	The date of your next scheduled stock condition survey or assessment	06/2026
C8.4	What percentage of your organisation's stock will be fully assessed in the next survey for SHQS compliance	10.00
C8.5	Comments on method of assessing SHQS compliance.	

10.2% of current stock was surveyed by David Adamson and Partners in 2021. This was the fourth update on the main survey which was carried out by Armour Construction Consultants in 2004 and based on 45% of stock at that time. All stock not surveyed at that time was new build and less than 10 years old. Such new build stock not yet surveyed for compliance is identified accordingly in the record spreadsheet (although a proportion subsequently has been surveyed as parts of periodic sample condition surveys). Stock is re-assessed as and when work to bring it up to the SHQS is completed; and acquired stock (e.g. Mortgage to Rent) is assessed at time of acquisition. All records are subsequently consolidated onto a single spreadsheet.
